Is your disability: Combat duty related Non-Combat duty related Non duty related

Secondary Contact Name: _____ Phone #: _____
Treating Therapist's Name: _____ Field/Title: _____
Phone #: _____ Email: _____

How did you hear about the Amtryke Therapeutic Tricycle? (Check all that apply)

Therapist AMBUCS Member _____

Will you need financial assistance to obtain the tricycle? Yes No

If yes, how much can you pay? _____

Note: Amtryke therapeutic tricycles are distributed based on available funds, circumstances of injury and a hierarchy of need through the National Amtryke Advisory Board. Individual placements may also be made at the discretion of local AMBUCS chapters.

I agree to 'recycle' the Amtryke for use by another Veteran when I am no longer using it. I will return it to the organization that gave it to me or, if for whatever reason I can't, I will donate it to another Veteran who will use it.

Date of injury, diagnosis and how it occurred: _____

Signature: _____ Date: _____

Individuals will not be considered for placement until all three forms are returned to AMBUCS: this Request and Waiver Form filled out by the Veteran, as well as the Assessment Form and Tryke Selection Form filled out by the therapist.

Please mail or email completed form to Upstate SC AMBUCS

Mailing address: P.O. Box 2634, Greenville, SC 29602 Email: upstatedscambucs@gmail.com

This Request/Liability Waiver Form, Assessment Form and Tryke Selection Form must be received before placement is considered.

Amtryke Therapeutic Tricycle Waiver Form

(Must be filled out completely by Veteran)

AMBUCS members nationwide are dedicated to creating opportunities for mobility and independence for people with disabilities by providing Amtryke therapeutic tricycles, offering educational scholarships to therapy students and performing various forms of community service.

Purpose: The Amtryke therapeutic tricycle is designed for people with disabilities. It creates a feeling of freedom, builds self-esteem, strengthens muscles and improves motor coordination and range of motion—all while making exercise fun.

Safety Cautions

- Fast speeds and sharp turns can cause the Amtryke therapeutic tricycle to tip or turn over.
- Always wear a helmet when riding an Amtryke.
- Use of other protective gear is highly recommended.
- Adult supervision required if used by younger riders.
- Use caution near vehicles, swimming pools and other bodies of water, hills, alleys and sloped driveways.
- Always wear shoes.
- Never allow more than one rider.

The information contained in this document is not intended nor implied by National AMBUCS™, Inc. to be professional medical advice by National AMBUCS, Inc. Always seek the advice of your physician, therapist or other qualified healthcare provider prior to starting any treatment or with any question you may have regarding a medical condition. Nothing contained in this document is intended by National AMBUCS, Inc. to be for medical diagnosis or treatment by National AMBUCS, Inc. or on behalf of National AMBUCS, Inc.

In no event shall National AMBUCS, Inc. be liable for any direct, indirect, incidental, consequential, special, exemplary, punitive, or any other monetary or other damages, personal injury or property damages, fees, fines, costs, attorney fees, or liabilities of any kind arising out of or relating in any way to this service or use of the Amtryke® therapeutic tricycle, and/or content or information provided herein.

I agree that I may be photographed by National AMBUCS. I also agree that my photo and name may be used in promotional efforts for National AMBUCS, Amtryke or the local AMBUCS chapter. I further grant National AMBUCS the ability to use the photos and name for advertising/publicity purposes without additional compensation, except where prohibited by law. If anybody in my party does not want to be photographed under these same terms, I will let the photographer know as soon as possible.

By signing below, I acknowledge that I have read and understood this liability waiver.

This Request/Liability Waiver Form, Assessment Form and Tryke Selection Form must be received before placement is considered.

Recipient's Name:

Thanks for choosing an Amtryke therapeutic tricycle!

In order to accommodate the widest variety of people and disabilities, Amtryke offers many tryke models and each can be customized in a variety of ways. Following the steps below will help you choose to the perfect tryke for your client from what might seem like a dizzying array of options.

Remember you can always refer to our website, www.amtrykestore.org, or the Amtryke catalogue for more information and product images.

Step 1: Fill out the first page of the Amtryke Assessment Form.

Step 2: Choose the way the tryke will be propelled: **Hand & Foot, Foot, or Hand**. Your choice should be based on the rider's ability and therapy goals.

Hand & Foot trykes improve coordination, strength and range of motion. Using all four extremities helps with weakness in any area, even general weakness, and can positively affect tone.

Foot trykes were developed in response to requests from therapists for a traditional tricycle for riders with special needs.

Hand trykes are designed for persons whose lower limbs lack function or those who need special therapy for the upper extremity.

Step 3: Take rider's measurements from the front of this Assessment Form and compare them to our Sizing Chart. (This will narrow the choices considerably)

Step 4: Choose a drive. (If it doesn't mention a choice, then ignore this step.)

Amtrykes come with two drive possibilities: **fixed** drive or **geared** drive. Tryke models have been carefully designed so the drive matches the therapeutic goals of the equipment; therefore all drives are not available on all trykes.

A **fixed** drive, commonly known as a 'fixie,' works on a mechanical level to help individuals make a full pedal rotation. The foot crank is constantly in motion for full therapeutic effect. Coasting is not possible with a positive drive; when limb motion stops, the bike does as well.

Riders of **geared** drive trykes must be able to make a complete pedal rotation on their own. This tryke is suitable for riders who need help with balance and a stable sitting position and who have the cognitive ability to steer successfully and apply the coaster brake or hand brake. The key feature of geared trykes is the ability to coast.

Step 5: Chose any adaptations and/or accessories needed by the rider. *Each tryke model can only be customized in the ways noted in its own model section in the Tryke Selection Forms or with the generic accessories listed below. If a customization option is not listed, it is because of design or other practical constraints in offering it on a particular model.*
